HEARST TOWER

A PRESTIGIOUS LOCATION

Completed in 2002, Hearst Tower honors a time long before its own, with an art-deco theme showcased in colors of black, white, gray and bronze. The College Street lobby entrance features original metalwork from a 1920s Paris department store. Handsome black Chinese granite makes a statement on the exterior, as well as on the lobby floors and elevator cabs.

The 46-story Hearst Tower is easily recognizable because of its reverse floor plate design, which gives the tower its distinctive flared top. Bands of glass combine with solid vertical stone around this 964,783 rentable sq. ft. building. The 32-floor office tower sits atop a 15 floor podium that contains the 1,400-space parking garage and ground-floor retail shops.

Outside the building, the Hearst Plaza is lined with shops and restaurants, and features a green oasis. It is a warm and inviting welcome to the Hearst Tower.
